

VELAGAVALASA VENU

OPERATOR – SMT

+91-9014283824

Sricity, Andhra

velagavalasavenu64@gmail.com

PROFESSIONAL SUMMARY

Experienced manufacturing professional with 4+ years of hands-on experience in PSMT and production environments. Skilled in ICT failure analysis, manual soldering, flash writing, offline setup planning, PCB handling, and production support activities. Proven ability to reduce downtime, maintain production flow, and improve operational efficiency through process knowledge and proactive problem solving.

CORE COMPETENCIES

- ICT Failure Analysis (Pin & Component Issues)
- Manual Soldering (CNC Connectors)
- Flash Writing / IC Programming
- Offline Setup Optimization
- QR Pasting & PCB Handling (FIFO)
- Machine Maintenance & Troubleshooting
- Production Coordination & Process Support
- Line Efficiency Improvement & Downtime Reduction
- PCB Handling & Dry Cabinet Management
- Basic Production Issue Handling
- 5S& Kaizen

PROFESSIONAL EXPERIENCE

Operator NS (Nippon Seiki) Instruments India Pvt. Ltd.

MAY 2022–PRESENT

Japanese company manufacturing automotive electronic products like instrument clusters and speedometers.

Key Responsibilities

Support daily production work

Follow company quality rules

Handle basic production problems

Maintain smooth production flow

PSMT Experience

Worked in PSMT line handling ICT stage

Perform manual soldering for CNC connectors

Identify pin and component related failures

Maintain good soldering quality

QR Pasting & PCB Handling

Handle QR pasting process using FIFO method

Maintain PCB stock and dry cabinet storage

Solve minor QR printer issues

Flash Writing (IC Programming)

Perform IC programming without errors

Follow production plan for flash writing

Handle basic machine issues

Offline Setup

Perform offline setup for different models

Avoid production stoppage during setup

Use common setup methods to improve work efficiency

SMT Line Operation

Operate SMT line efficiently with minimal downtime

Perform line changeover and IC loading without errors

Handle basic production and machine-related issues

Machine Maintenance

Perform weekly and monthly machine maintenance

Handle machine parts carefully

Use tools properly during maintenance.

TECHNICAL EXPOSURE

- Yamaha SMT Machines (Mounter & Printer)
- Kohyoung SPI Machine
- AOI Machines (Inspection & Judgement)
- Heller & SMIC Reflow Ovens
- ICT Testing Systems
- Tech 2024 Gang writing machine

EDUCATION

BHASKARA POLYTECHNIC COLLEGE, BOBBILI

Diploma in Electrical and Electronics Engineering (EEE)

DEEE – 75% FIRST CLASS

2020

ZPH SCHOOL, A. VENKAMPETA

CGPA – 8.0

2016

PERSONAL DETAILS

- **Date of Birth:** 15 Apr 2001
- **Languages Known:** Tamil, English, Telugu
- **Marital Status:** Single
- **Address:** A. Venkampeta Village, Makkuva Mandal, Parvathipuram Manyam District, Andhra Pradesh – 535547
